

Floors Grigia 11

Textured nylon thermobonded roller

Fabric is thermofused onto a solvent-proof core.

Absorption/Dispersion: ★★★★★

Performance/Result: ★★★★★

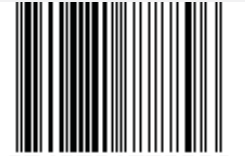

Wear/Resistance: ★★★★★

Indicated uses:

Internal or external floors and paving, smooth to semi-smooth surfaces.

Suitable for:

Polyurethane, urethane and epoxy coatings. Antifouling, gelcoat, solvent based sealants, high viscosity fluids, water based sealers and varnishes.

0740781778896

Product Code: 77889

Length: 250mm

Nap: 11mm

Diameter: 48mm

Colour: white, black stripes

Fabric technology

1. For smooth to semi smooth surfaces
2. High wear resistance
3. Minimal dripping
4. Solvent resistant fibres
5. Lint free fibres

Large 48mm diameter

1. 25% greater paint pickup
2. Covers large surfaces before reloading
3. Minimises lap marks
4. Minimises fatigue

European made

1. Advanced manufacturing
2. Superior fabric
3. Longer wearing
4. Tested to European standards

Thermofusion bonded

1. Solvent resistant cores bonded to fabric
2. Industrial grade components
3. Maximum durability

Floors Grigia durability and quality

The textured nylon fabric is a European made lint free fabric designed for ultra high chemical resistance for protective coatings such as epoxy, urethane and marine coatings to produce an even finish on smooth to semi-smooth surfaces. The solvent resistant core and thermobonded fibres will give maximum life.
